

FOR IMMEDIATE RELEASE SEPTEMBER 9, 2008

**METI WINS 2008 FLORIDA GOVERNOR'S BUSINESS DIVERSIFICATION
INNOVATOR AWARD**

**METI and L3 Communications Aviation Recorders Division join 16 leading
companies throughout the state being honored.**

SARASOTA, FL. Medical Education Technologies, Inc. (METI) together with L3 Communications Aviation Recorder Division announced this week that they had been selected as the winner of the Florida Governors' Business Diversification Awards for Innovation in a Major-Market category. Coordinated by Enterprise Florida, an organization devoted to economic development in the state, the awards recognize business achievements that advance the state's economy through job creation and distinctive community involvement and capital investment.

Sixteen Florida companies were awarded in all ranging from those in Mega Markets with populations of over 800,000 to Major and Mid-size markets. In addition to the Innovation award, honors are given in a variety of leadership categories including Business Expansion, Entrepreneurship and Export Excellence.

METI was selected as the winner as a result of some of its most notable new product innovations including, iStan®, the new state-of-the-art, wireless patient simulator and METIVision, an audio/video management solution for simulation among other METI medical technology and education products.

"The basis for the prosperity and high quality of life Florida offers is our entrepreneurs and business leaders," said Enterprise Florida President & CEO John Adams Jr. "Their exemplary accomplishments in creating high-value jobs, making capital investments and contributing to their communities are setting the stage for a future economy that will serve all segments of our population very well."

Lou Oberndorf, CEO and President of METI added, "It's truly an honor to have been selected for this high-profile award. METI is proud to be a part of the Florida business community and to be recognized for our ongoing work in the development of educational solutions for the healthcare industry that help to improve patient safety and ultimately save lives."

The award ceremony will be held at the Governor's mansion in Tallahassee this month during Florida's Industry Appreciation Week.

About METI Patient Simulation

Based in Sarasota, Florida, Medical Education Technologies, Inc. (METI®) has been a leader in interactive human patient simulation since 1996. Each METI simulator is designed to simulate bleeding, breathing, talking, blinking and numerous other

physiological characteristics to simulate various medical emergency scenarios including heart attack, drug overdose, vehicular accidents, effects from weapons of mass destruction, bio-terrorism and other traumatic injuries. More than 2000 organizations worldwide utilize METI's technology including leading medical schools such as the Mayo Clinic, Harvard, Cornell, Stanford and others. METI is a consolidated subsidiary of L-3 Communications (NYSE:LLL).
